HOMEOWNER APPROVAL FORM

For all properties receiving financing from Skylight Lending (the "Lender"), written homeowner approval is required in order for the installer to receive payment and certification that the project has achieved installation completion status from the Lender. This form must be completed and submitted together with the required permits and approvals for all work performed with respect to the loan. Any additional documentation will need to be submitted after installation complete status is achieved (including Permission to Operate (PTO) approval) if not available at the time of this submission.
